While fickle fortune has been somewhat unkind to us
this year, we have great consolation in knowing that what
was our loss was some one else's gain. Our fire some weeks
ago which caused us great loss, especially at this time of the
year, had its benefits. It forced us to sell our damaged stock
and you secured it at your own price. While it was a loss to us
it was a gain to you. Thus we are somewhat consoled. Pre-
vious to our fire we had selected a magnificent line of Shoes,
Slippers, etc., for Ladies, Gentlemen and Children. These
were to be used for the holiday trade. The fire caused a
change in the program and we must first finish the improve-
ments in our stores. All the new goods are here—they are
in the way—so, as one final effort, we have decided to place
everything just selected on sale at exactly cost price. This
ought to move the goods rapidly, and by January 1 close out
the new goods. With our new store we will be 'in the swim.'
